Knitted Bible Stories exhibition

Uppermill Methodist Church presents the highly popular and unusual Knitted Bible Stories Exhibition. It is a fun display which appeals to all ages, crafters, knitters, church-goers and free thinkers. It depicts 33 of the better known stories from the Old and New Testaments.

The exhibits come to us on loan from St Georges URC, Hartlepool, and are available to view from 1st to 11th June, with a final Little Fishes service at 9.45am on Sunday 12th June.

Each of the characters, animals and many of the props have been cleverly knitted, showing crafting skills and tremendous attention to detail.

This is the first time our church has undertaken such a project, and we are looking forward to sharing this opportunity to celebrate well known bible stories in such an innovative, creative way.

Our aim is to present the Bible to new generations, engage with our local community, and involve people that didn't know they could contribute so positively to our church.

More details about the exhibition are available online at
